

HSA Online

Parents/Students

Students must meet the HSA testing requirement in order to graduate with a High School diploma.*

The High School Assessments (HSAs) are given in four content areas – algebra/data analysis, biology, English, and government.

HSA Online courses are free resources that students can take to prepare for the HSAs.

* For more information about graduation requirements and the options for meeting the State testing (HSA) requirement, go to HSAexam.org.

HSA online courses are free resources that cover the content and materials that can help prepare students for the **HSAs**.

HSA Online Courses have:

- course materials broken down into mini-lessons;
- in-depth vocabulary reviews;
- practice exercises and activities; and
- sample HSA questions.

Accessing HSA Online Courses:

1. **Go to:** <http://msde.mdk12online.org>
2. **Sign in:**
Username: hsaonline
Password: student
3. **Visit the "New Users"** section for tutorials on how to navigate the site.

For more information about the HSAs, go to HSAexam.org or call **1.877.HSAEXAM**.
